TRAININGS AND SEMINARS

- Cisco Certified Network Associate Course
- Cyber Security Training (DICT)
- Google Analytics Certificate Course
- All Hazards Incident Management Team Training Course
- Fablab 3D Printing Training
- Training on Smart City for LGU Leaders
- Advanced Geographic Information System for LGU
- Project Design Course on Inclusive Local Development
- Social Media Marketing Training and Workshop

ACHIEVEMENTS

- Passed the Civil Service Professional Examination, gaining eligibility for government career service positions and reinforcing my qualifications for ICT leadership in the public sector.
- Earned a Master's Degree in Public Management, providing a strong foundation in public policy, governance, and strategic planning.
- Completed academic units in Master in Information Technology, equipping me with advanced technical knowledge in systems development, cybersecurity, and digital transformation.
- Led Bogo City's award-winning Smart City Initiative, which became the first in the Philippines to be recognized as Grand Champion in the Digital Cities PH Awards 2023—a national recognition by DICT and industry partners for excellence in digital governance and innovation.
- Implemented major Smart City programs, including digital infrastructure upgrades, e-governance platforms, citizen-focused online services, and local data centers—significantly improving public service delivery and inter-agency efficiency.
- Modernized internal LGU operations by leading the digitalization of core systems, deploying cloud-based solutions, and conducting ICT capability-building for over 300+ personnel.
